Posts Tagged 'Crowdsourced'

There are already a number of excellent sites around the web aimed at helping you buy financial instruments, but one of the most interesting is the pricebot.com site, which gives you a full interactive price on selected shares at a given point in time. It's a great place to learn about what you're buying and where you can get better deals, and it provides the full range of academic research available for analysis, including valuation, investment thesis, and detailed data. The Data Centre for Sustainable Business Through crowdsourcing, business experts have been engaged in collecting and collating data to build a huge database that is the 'business knowledge base' for each industry. We thought these could be brought together in a single site, which would provide practitioners and scholars of business the key resources they need to make sense of this rapidly changing world.e., 10.97 in. x 10.25 in. x 6 in.
